Dental office cleaning: what we clean

Tour the office after hours with your manager and tick each room for the evening list.

Practice _____ **Address** _____

Walked by _____ **Date** _____

Each operatory

- ☐ Counters and cabinet fronts
- ☐ Sinks and faucet handles
- ☐ Door hardware
- ☐ Outside of the overhead light arm
- ☐ Stools and wall-mounted monitors
- ☐ Floor last, from the far wall to the door
- ☐ Order follows your office's written protocol
- ☐ Terminal clean for a room when you book one

Sterilization, imaging and lab

- ☐ Sterilization counters and sink basins, to the bounds you mark
- ☐ Floor around the sterilization units
- ☐ Instruments, cassettes and trays left as staff set them
- ☐ Panoramic unit outer panels and apron hook
- ☐ Imaging room door handles and floor
- ☐ Lab counters cleared of plaster and model dust
- ☐ Lab floor vacuumed and damp-mopped

Waiting room and front desk

- ☐ Chair arms, side tables and check-in counter
- ☐ Magazines straightened
- ☐ Entry glass inside and out
- ☐ Children's corner table, bins and play surfaces
- ☐ Charts and screens left untouched

Restrooms

- ☐ Mirror, sink, partition and floor
- ☐ Dispensers refilled from your stock or ours
- ☐ EPA-registered disinfectant left for its label dwell time

Floors

- [ ] Sheet vinyl or tile paths worn by stools and carts
- [ ] Strip-and-refinish for vinyl tile on a closure day
- [ ] Carpet extraction in waiting room and business office

Notes
